For Immediate Release

MIDAMERICA NATIONAL BANK CLEANS UP FOR ADOPT-A-STREET PROGRAM

(Canton) MidAmerica National Bank employees recently joined together to help with Canton's Adopt-A-Street Program. On Saturday, July 27th, the bank's crew of eleven enjoyed a beautiful, sunny day as they picked up discarded litter from the roadside on North Main Street from Basement Dewatering Plaza to Buckeye Street.

Rick Klinedinst, President and CEO at MidAmerica National Bank, was happy with Saturday's turnout. "I am proud that we had as many employees pitch in as we did. It's amazing how much you can accomplish in a short amount of time when you have a good team of workers."

Adopt-A-Street is a litter pick-up program modeled after the Adopt-A-Highway program. This program enables community groups and businesses to have a direct hand in city beautification projects. If you are interested in adopting a street, contact the Canton Area Chamber of Commerce at 45 East Side Square, Suite 303, Canton, IL 61520, (309) 647-2677, smiller@cantonillinois.org.

MidAmerica National Bank is a full-service community bank offering everything from online banking and mobile banking to trust and financial services. Local decision making in each banking center, as well as a strong commitment to the communities they serve, has been MidAmerica's trademark throughout their 80-year history. Additional information about MidAmerica National Bank is available at www.midnatbank.com.
